Parliament House  
Canberra ACT 2600

Dear Prime Minister,

On behalf of QPLC I urge your government to act rapidly to prevent the extradition of Julian Assange to the USA. It is time for Australia to accept responsibility for offering real support to one of its citizens who has been treated shamefully by the governments of the UK and USA.

As indicated by the latest petition signed by over 700,000 people, there is widespread concern within the Australian community about the way Julian's case has been handled. His role in revealing important information about war crimes and other violations of human rights warrant intervention to remove all charges and bring him home as soon as possible.

Yours sincerely
